Start your review of Rock 'N' Blues Harmonica: World of Harp Knowledge, Songs, Stories, Lessons, Riffs, Techniques and Audio Index for a new generation of harp players Maybe I would have better if I had the opportunity to listen to the CD, but unfortunately the copy library wasn't there. It was a very good introduction to the theory of music for blues and rock, but without a CD I found it hard to get into it. We'll see how his other book is for musically hopeless works, I have high expectations just after just reading this book! May 31, 2018 John Gindick Rock n' Blues Harmonica PDF. The world of harp knowledge, songs, stories, lessons, riffs, techniques and audio index for a new generation of harp. NOT AN INSTANT BOOK OF HARMONICA! John Gindick's method is one of the most complete harmonica books ever. Rock n' Blues Harmonica uses fact, fiction, illustration and notation to teach music theory 101, chord progression, puckering, tongueblocking, octaves, tongue-slaps, headhakes, vibrato, bends, overblows, secrets of great tone, and more. It's a good introduction to the Blues game in second position. All 20 notes are divided into one of three categories: Resolution, Crying, or Stepping Stone notes. Four notes of Resolution notes, followed by all the inhalation notes of crying and kick notes, stepping stone notes. A fairly simple system that requires almost no theory of music. If you're crying, you should inhale! Several basic riffs are given with an emphasis on being able to play the same riff in many different ways to make it sound distinctly different. An introduction to the 12 bar blues chord structure is given and examples of how to play these riffs over these 12 bar progressions are explained. The games in the second position of the songs of the first position are explored. Bluesification of common songs makes them sound great. John has another whole tabulation book of several popular songs in second position and is shown integrating his blues riffs into these songs. A great book for beginners. If you've never had a harp in your mouth and don't even know which one to choose, the guide is here. By the end of the day with this book and some work, you won't be Little Walter, but you won't sound like a wounded animal either. Format: PDF and CD Audio Tracks (Mp3). 228 pages Download John Gindick - Rock and Blues Harmonica for free and other lessons from our site Registration or Login to view hidden content! Rock and Blues Harmonica 224 Page Book and 73-Minute CD Jamming Buddy Inspired by Ideas, that most musical instructions are boring and irrelevant to most people most of the time, and that in order to be effective, the music instruction must be like the music itself, flowing and sly, Rock and Blues Harmony teaches the improvisational harmony of music 101 and every important method of harmonica in a way that communicates with even the most theory Leave Me alone, I'm jamming the harp player. 224 PAGE BOOK INCLUDE: Choosing harmonica, first sounds, getting a sweet tone, playing chords, playing single notes, basic blues riffs, I IV V progression, bending, tongue blocking, octaves and splits, vibrato, headteachers, microphones and amplifiers, positions from one to six plus pos. twelve, cane settings, famous songs played cross harp and more. The audio index tells you the key to the harmonica you need to jam with great blues recordings. It's as funny as hell, using stories and cartoons to help make it all sink home. STEREO, 73 MINUTE CD JAMMING BUDDY: John teaches and plays all the basic harp techniques over light jamming, blues-band background for your harp C. Turn off the instruction to hear only the band. Turn off the lane to hear only the instructions. This fully indexed 74-minute CD will be a constant companion as you develop your tone, talents and techniques in the context of playing with the band. THIS BOOK WILL CHANGE YOUR LIFE HARMONICA!
